## OBJECTIVE

I am looking for a **Junior Developer position** to take part of exciting and challenging development projects within a dynamic and open-minded company.

## ABOUT MYSELF

I am 25 years old, single and living in Netanya.

At the age of 19, I came alone from France to Israel to achieve my Israeli dream. One year later, I proudly joined the IDF as a volunteer.

Highly determined and motivated to succeed in this new life, I invested all the needed efforts to learn Hebrew and become integrated into the Israeli society.

This unique experience made me stronger and capable of facing many challenges.
